

R Posit Instructions: KCL (King s College London) SLCPSS (School of Life Course & Population Sciences) Bioinformatics Work experience 8th July 2024

Dear Students,

For this workshop you will need a Posit account to access RStudio on the internet. Creating an account is free – please follow the instructions below:

You will need an email address to sign up for a Posit cloud, so please make sure you have one ready before making an account

1. Go to this website: <https://posit.cloud/>
2. Click 'Get Started':

The screenshot shows the Posit Cloud website. At the top, there is a navigation bar with the Posit Cloud logo on the left and 'Log In' and 'Sign Up' links on the right. The main heading is 'Friction free data science'. Below this, a paragraph states: 'Posit Cloud (formerly RStudio Cloud) lets you access Posit's powerful set of data science tools right in your browser – no installation or complex configuration required.' There are two buttons: 'GET STARTED' and 'ALREADY A USER? LOG IN'. The 'GET STARTED' button is highlighted with a red rectangular box. A red arrow points from the text 'Click here' to this button. Below the buttons, a small line of text reads: 'If you already have a shinyapps.io account, you can log in using your existing credentials.' To the right of the text, there is a video player showing a man presenting to a group of people, with a 'Full Screen' button visible in the top right corner of the video frame.

3. Select the Learn more box from the Cloud – Free option as shown below Click

Click 'learn more'

	Cloud Free	Cloud Basic	Cloud Standard	Cloud Instructor	Cloud Student
Price	\$0 / forever	\$25 / month	\$75 / month	\$15 / month <small>With three options available for covering student costs</small>	\$5 / month

[Sign Up with Clever](#)

5. You now need to go to the inbox of the email address you have signed up with and verify your account

Verify your email

6. Once you have verified your email, you should be able to log in and ready to go. Your workspace should look like this:

All done! Please have your email address and password handy when you come along on Monday 8th July.

Don't worry if you run into any troubles as we can help you on the day of the workshop.

We are looking forward to seeing you all then.
